## CAREER CONTOUR

I am unwavering, meticulous, and highly competent in the **Facility Management Industry**. I have a consistent record of delivering results-driven work with a proven ability to implement my projects in an organized manner, spanning **17+ years** of my successful career.

My expertise:- **Facility Management Industry - Facility Management, Property Operations, Electrical & Mechanical Systems, Project Management, Vendor Management, Budgeting (CAPEX & OPEX), Preventive Maintenance, Safety & Statutory Compliance, Team Leadership, Energy Management, Critical Infrastructure, Security & Surveillance, Sustainability Practices, Operational Excellence**. I have in-depth knowledge of all the ethics of management. I possess effective communication skills and am a team player with strong organizational, Logical, and Problem-Solving Abilities.

I have extensive experience working with large-scale organizations, such as **Rajkamal Pinnacle (KTPL Companies)**. I am well-versed in skills including analysis, problem-solving, and coordination, which have contributed to my success and dedication. Strong influencing and negotiation skills coupled with a proven ability to think in and out of the box, generating new solutions.

I have commenced my profession as an **Executive** and risen myself as **Facility & Property Manager** in a reputable company. I would like to see myself growing with the passing years of hard work and dedication. I have been awarded many accolades for my result-oriented hard work.

Armed with a multitude of competencies and work experiences, I am confident to carry forward any organization's vision & objectives with sufficient ease and dedication to my job responsibility.

## EXPERIENCE

**May 2015 – Present | Rajkamal Pinnacle (KTPL Companies) | Facility & Property Manager (On-Roll)**

**Tenant:** West Minster Health Care (LYCA)

**Responsibility: -**

- Directing complete facility and property operations & maintenance for large commercial properties.
- Managing 11kV/433V substations, transformers, and ensuring an uninterrupted power supply.
- Overseeing the full maintenance lifecycle of DG sets, VCBs, ACBs, and LT Panels.
- Ensuring operational readiness of Fire Fighting Systems, lifts, UPS, PDBs, LDBs, and AHU panels.
- Preparing and submitting monthly reports, balance sheets, billings, and SOW documentation.
- Managing multidisciplinary teams and coordinating service providers and vendors.
- Ensuring strict safety, statutory, and environmental compliance across facilities.
- Driving operational efficiency, resource optimization, and sustainability initiatives.

## **Apr 2013 – May 2015 | ISS Facility Services Ltd. | Technical Executive – Maintenance & Services**

**Client:** Hewlett-Packard (HP)

**Responsibility: -**

- Collaborated with IT teams to maintain server rooms and network rooms.
- Ensured proper cooling, power backup, and environmental controls for critical IT infrastructure.
- Managed UPS systems, fire suppression systems, and mission-critical assets.
- Executed and supervised maintenance of substations, DG sets, and LT panels.
- Led STP operations and maintenance, expanding responsibilities beyond electrical systems.
- Coordinated electrical distribution maintenance, including PDBs, LDBs, rising mains, and starters.
- Responded to and resolved electrical and facility breakdowns efficiently.

## **Dec 2011 – Apr 2013 | Shabari Telecab (P) Ltd. | Electrical Engineer – Maintenance**

**Client:** TCG First Software Park

**Responsibility: -**

- Managed O&M of 11kV/433V substations, DG sets, VCBs, ACBs, OLTC, and RTCC panels.
- Implemented Preventive Planned Maintenance (PPM) to reduce downtime.
- Prepared technical reports, maintenance schedules, and service records for management.

## **Aug 2009 – Dec 2011 | A2Z Technical Services Ltd. | Shift Engineer – Maintenance**

**Client:** Arihant Developers

**Responsibility: -**

- Operated and maintained substations, transformers, DG sets, and LT panels.
- Managed UPS, AHU, APFC, lifts, fire safety systems, and lighting infrastructure.
- Performed preventive maintenance and maintained technical logs and reports.

## **Jun 2008 – Aug 2009 | SDB Cisco India Ltd. | Site Engineer – Project & Services | Chennai**

**Responsibility:-**

- Supervised installation, commissioning, and maintenance of electronic security systems.
- Managed CCTV, intrusion alarms, public address systems, and firefighting systems (FM-200).
- Coordinated with consultants and contractors for drawings, submittals, and as-built documentation.
- Oversaw project lifecycle, including planning, procurement, vendor coordination, and close-out.
- Handled key projects for Citi Bank, HPCL Administrative Office, and Chennai International Airport.

## **ACHIEVEMENTS**

- Successfully managed facility operations across commercial, IT, hospital, residential, and retail sectors.
- Ensured high uptime of critical electrical and mechanical infrastructure through structured maintenance.
- Led multidisciplinary teams, ensuring zero major safety or statutory non-compliance.
- Improved operational efficiency through preventive maintenance and vendor optimization.
- Recognized for strong execution control, reliability, and service delivery excellence.

## **ACADEMIC FORTE**

- B.E – Electronics & Communication Engineering in 2008 from Anna University, Chennai.
- Diploma – Electrical & Electronics Engineering in 2004 from the State Board of Technical Education (SBTE), Chennai.
